Great speaker

I am looking forward to bringing this to my community!

I'm not sure of the woman speakers name (so sorry) but she was incredible. Great content and very engaging.

Thank you for sharing this info!

Amazing

Some of the language used may have needed to be adapted for the audience. My neighbor asked me what recidivism was.

Interesting presentation

Great information.

The slides were difficult to read because the words in graphics were small.

Outstanding class. I found it to be very inspiring.

topic description was good, but aimed at actual businesses which wasn't what I was looking for

spoke in a language above me.

Session should have the subtitle "Higher Education" or "college". I had no idea this would be about this. It would be nice to discuss the importance of setting the foundation at an early age for college achievement.

Really interested in checking this out for use as Student Success courses at the college where I teach.

Wonderful!!

Great! Just a little repetition from her earlier session, but all good.

I've always wanted to meet Ruby! I'm so amazed at how her mind works and how she has been able to communicate it so well. And her ability to network with others to do the fabulous work they do!!

Best lunch I've ever had at GABC and I've had a bunch!

:-)

didn't understand that it was a prison curriculum, however, we have 3 prisons in Rusk County and we network with groups who need this curriculum

great info for connecting to our clients.

Too much repetition. All classes reviewed for at least 1/2 the class time what you went over in main opening session. By this time was tired of hearing same thing over and over.
